Oct. 28, 1960.

Dear Joshua :

I received your letter dated on Oct. 8, for asking on a paper : Y. Hoshino & S. Yoshiida,
J. Electrochem. Sci. (Dentki-Kagaku), 17, 221, 1949.
The ultraviolet filter for isolation of 2537-A. line of the mercury quartz lamp. (Ref. Chem. Abstr. 48: 13437b)
you expected, the article is written in Japanese.

I am going to :

- ① translate it into English.
- ② make a copy of the original paper, because it has some Figures.
- ③ ~~translate~~ make contact with those authors to ask the other reprints related., especially written in English.

And ~~it may take one week or so~~
h~~e~~aping to send those materials to you.

The address of those authors at the time when it was reported ~~was~~ is as follows

Y. Hoshino & S. Yoshiida

Electro-chemical laboratory,
Tokyo Institute of Technology,
O-otakayama, Tokyo.

I have sent application for Research Grant which you kindly suggested to ask for, to N.I.H. on middle of this month. with best wishes.
